CURRICULUM

We believe learning should be a lifelong experience, and we offer a wide variety of enrichment courses for all interests. We work with our students to ensure our trainings and courses exceed all requirements and on a schedule that is best for them. Our team's mission mirrors that of UAHT as we strive to offer comprehensive educational services to our communities in Hempstead, Lafayette, Nevada, Miller, Bowie and Cass counties. We also offer over 300 online options through our Ed2Go courses.

FACILITIES

Hempstead Hall and the University of Arkansas Hope-Texarkana are proud to offer free training space for our area businesses. Hempstead Hall will waive the room rental fees for any event where job-related training is being offered by a sponsoring Hempstead County business or industry as long as the event is being offered free-of-charge to the attendees. (Fees for specialized equipment, additional services, set up and/or off-schedule use may still apply.)

FIBER OPTIC TECHNICIAN PROGRAM

This Fiber Optic Technician program, co-designed with industry partners, provides participants with an opportunity to embark on a meaningful and rewarding career in the Fiber Broadband industry. Classroom and hands-on field experiences equip students with the knowledge, skills and abilities employers look for when hiring Fiber Optic Technicians to install, maintain, and troubleshoot Fiber Broadband to the home or business. Upon completion, students will be prepared for industry certification. This course is funded by the Office of Skills Development and is offered free of charge.
